Dirk Gevaert, P.Geo.	Terence Nigel McKillen, P.Geo.	William Gregg Zwiers, P.Geo.
George Andrew Gorrell, P.Geo.		

Total membership in APGO is now 206 including one (1) geoscientist-in-training. While most members are based in Ontario, APGO also has members in Alberta, Argentina, Australia, B.C., Chile, Ireland, Sweden and the United States. Over 1800 application packages have been sent out with over 600 applications for membership being received to date. More than 250 applications have been received in the last six weeks as geoscientists are realizing the importance of becoming licensed. The Registration Committee has planned an expanded series of meetings to process as many applications as possible in the next month before the “in-force” date of the Act on August 30, 2002.

APGO's mission is to serve the public by regulating, enhancing and providing leadership in the practice of the profession of geoscience in Ontario. Information about APGO and how to apply for membership is available on the Association website at www.apgo.net.
