

## Members Photo Competition - 2005

Following the success of the loosely organized Photo Competition of 2003, the APGO will be reinstating its Members Photo Competition as an annual event. The competition provides an ideal opportunity for members to share their vision of geoscience in action. As well, the competition provides your association with valuable visual material for use in displays, brochures, presentations and *Field Notes*, your members newsletter.

### What are the Categories?

- Judges Favorite
- Science is fun shot
- Best image of our profession
- Best action shot
- Best overall photo

### What sort of shots should you look for?

- ACTION shots of APGO geoscientists practicing the practice of professional geoscience
- Different activities, different seasons; all parts of Ontario, outside Ontario, outside Canada; indoors/underground, urban, rural or remote – the whole gamut
- Action that respects health and safety, the environment and the community
- Images of science in action and that is fun

### What Format?

- Any format – digital, print, slide, etc.
- Digital submittals should be sent in by email as attached jpg or tiff files or burned onto a CD-R
- Prints and slides should be submitted by mail or courier as 4x6 or larger color prints
- Photos don't have to be current, but not be too ancient

## Members Photo Competition - 2005

### What is the Deal?

- All entries must be received at the APGO office in Toronto or Timmins no later than February 28, 2005
- All entries will be reviewed by a panel of judges
- All submitters will be asked to sign an entry/copyright release form
- **Material submitted will not be returned**
- Winners will be announced and prizes will be awarded at the AGM in May

### What are the prizes?

- A surprise (the winners in 2003 each received a gift certificate from Mountain Equipment Co-Op)

Rather than paying other professionals to come and photograph you at a huge expense to the Association, we are asking you, as members, to look through your existing photos and make some selections. As you spend time at home over the Hoildays, why not root through your collection to see what you come up with.

Oliver Bonham, P.Ge.  
Executive Director/Registrar

**Please send your entries to the APGO office in Toronto or Timmins:**

## 2005 Members Photo Competition Entry Form

Name: \_\_\_\_\_

Date: \_\_\_\_\_

List of Material: (please list below photographs, images and other material, by name, files name etc).

---

---

---

---

---

---

---

---

**Please be advised** that submitted material may appear in APGO publications and correspondence – both printed and electronic - and on the Association's web-site. APGO may also use such material in displays and presentations to the public. Before we can use any such material, we need to obtain your permission.

I \_\_\_\_\_ give permission to the Association of Professional Geoscientists of Ontario (APGO) to use the material listed above as it sees fit and I release APGO from any obligation to me with respect to the listed material.

Signature: \_\_\_\_\_

**Note: This Entry Form must be completed and accompany any submissions, in order to qualify for the 2005 Members Photo Competition.**
