**SUBJECT:** Qualified Person "Sunset" Date Extension

---

You have previously expressed an interest in being informed about regulatory matters related to brownfields in Ontario. The purpose of this notice is to inform you that an amendment has been made to Ontario Regulation 153/04: Records of Site Condition – Part XV.1 of the Act, made under the *Environmental Protection Act*, to extend the "sunset" date associated with the definition of some types of qualified persons. The amendment extends the sunset provision in subsection 5 (5) for 18 months, to April 1, 2008. This sunset provision applies only to section 5, which defines the qualifications for qualified persons conducting or supervising environmental site assessments and certifying records of site condition.

The regulation containing the proposed amendment was filed with the Registrar of Regulations on September 5, 2006 as O. Reg. 444/06 and came into force on filing.

A copy of the regulation can be found at the following link on e-laws:
